

Changes to Kick-Off Times in Thurlow Nunn League Club Instructions for Season 2022/23

The FA Standardised Rule 8.6 states, “The standard kick-off times shall be:

Saturday matches – 3.00 pm
Mid-week matches – 7.45 pm”

However, in the current environment the League is working with clubs and using its discretion to allow alternative kick-off times provided both teams and the match officials agree. If the suggested changes are proposed prior to the match officials being appointed then agreement only needs to be sought from the opposing team.

To help clubs a process has been agreed, and this is shown in the attached flowchart.

Standardised Rule 8.6 goes on to say, “All agreed changes to kick-off times are to be notified to the Board immediately for confirmation” and in all cases this will be the Fixture Secretary, David Mayes, who, if the changes are agreed, will update Full-Time. There is also a need to advise Heather Trevers in order that MOAS can be updated.

Should a club have any queries about the changing of kick-off times they should contact the Fixture Secretary, David Mayes.

These instructions will be reviewed at the end of the season.
